The government should get out of the health care business & open free market competition in the healthcare industry. By limiting how ppl care chose their health care we have created an environment where HC providers can charge way too much b/c they don't have to compete.

I support the creation of HC savings accounts that are tax free & high intrest that ppl can use to chose their own HC. This will allow for more competition in the HC market driving prices down.

For those who cannot afford any HC the gov steps & adds $ to their account.

So government will pay into health care savings.... why not just open it up and cut out the middle man?

For healthy adults the government will not pay. The gov only steps in when ppl need assistance. Insurance makes their $ off the healthy, right now they hardly have to compete w/ each other, let the consumer decide what plan they want & we create HC insurance growth & competition.

Those who are chronically ill & cannot afford HC via a standard plan can use the medicade system. This is essentially how we handle food stamps, the gov doesn't run grocery stores but it provides food funding for those in desperate need.

Earmarks promote backroom deals that make lobbyists rich on the taxpayer's dime. They're a relic of the swampy politics that DC's known for & one of the best things Congress did was get rid of them.

That's why I have a bill to uphold this ban & fight against wasteful spending.

Washington DC is only 7 square miles. That 7 square miles is responsibility of Capital Police.

All the remaining metropolitan areas belong to the state of Maryland

Question is does Maryland want to lose 700,000 taxpayers?

BLM manages 245 million acres.

289 million acres already meet the admin's standard of protection.

289 + 245 = 534

That leaves 195 million acres to be acquired and they are talking about doing just that. It's in the press release.

Also, end goal is 50% of the US by 2050.

Today, President Biden announced his intention to end the war in Afghanistan, to great media fanfare.

You may remember, way back in 2019 & 2020, President Trump said the same thing.

Let me know if you can spot the difference in coverage then vs. now

When Trump said we were leaving, @CNN quoted the NATO Sec Gen with a "stark warning" about how "dangerous" the move would be.

But Biden's decision? Well, on that one, we just get to hear from his people

NATO Secretary General Jens Stoltenberg issued a stark warning that any premature withdrawal from Afghanistan could be dangerous, a day after reports that President Trump is eyeing a troop drawdown against the advice of the nation's top

As President Biden prepares to lay out his plan to withdraw US troops from Afghanistan, a source familiar with his thinking tells CNN's that he thinks no amount of US troops in the country can be a game changer anymore

Why would Congress think Term Limits are good for the President but not good for them? A serious case of "do as I say, not as I do"?

I enjoyed discussing my campaign on Review the News. The residents of Washington's Third Congressional District need a voice in D.C. Members of Congress must be public servants that are accountable to the people. Not the other way around.

Great example of weak Republicans in action:

SHB will call out dems when there is no potential she'll have to take any action

Last year as Antifa burned Cities & made incursions into Vancouver she was silent.

She voted w/ Dems to limit Trump's ability to quell riots

When we had a law & order POTUS she was silent & stood with the left as they supported Antifa/BLM.

Now that Republicans are powerless she wants to get vocal, this is nothing more than a fundraising ploy.

Why can't you just call out @RepMaxineWaters by name?

These people who are wanting to riot, destroy, and burn down America are located just south of your district in Portland and north of your district in Seattle

@oekent16jan19 what say you?

Harris/Biden are rewarding their loyal proxies for their hard work in the lead up to the 2020 election while giving domestic terrorists a free pass to riot & destroy our cities.

Turns out that Officer Sicknick didn't lose his life on Jan 6, 2021 defending the U.S Capitol. He died a day later from strokes & natural causes & his skull wasn't savagely bashed in with a fire extinguisher by a pro-Trump mob. Will U retract this tweet Jamie? @joekent16jan19

That officer's skill & judgment is incredibly impressive. Those saying otherwise are only demonstrating how unfamiliar they are with high stress / violent situations.

The left, with the silent compliance of establishment Republicans taking away the ability of the people to know how their elected officials vote.

This is how the swamp wins, remove all accountability & vote us deeper into crisis.

Every vote should be a roll call vote.

Marjorie Taylor Greene @mtgreenee

Every single person, whether you are Democrat or Republican, should be furious that Democrats just took away the ability of any member to request a roll call vote!

@joekent16jan19 @USArmy My nephew Jonathan Turnbull, right, takes his oath as Major in the US Army. He also received the bronze star and Purple Heart. So proud of this American hero and the sacrifices he's made for all Americans and victims of terrorists.

It's not funny. They know she has no chance in old school primaries or real elections. We don't have those anymore.
She or Hayley will be false choice #1 to allow us false choice #2 like a Pompeo, equally not what anyone wants. They don't care what we want.

The Obama admin ignored Iranian attacks against US troops in Iraq & sent them billions in cash & sanctions relief.

The Bush admin let Iran take over the Iraqi gov as we funded & bled for it.

The Bush admin was more invested in selling the lie that the Iraqi gov was functional & worth the war based on lies than they were in combating the Iranians as they killed US troops who were propping up the Iraqi gov

My point: Fire the so called national security experts.

Trump is one step closer to endorsing @AnthonyBouchard with this @Liz Cheney takedown.

> Liz Cheney is polling sooo low in Wyoming, and has sooo little support, even from the Wyoming Republican Party, that she is looking for a way out of her Congressional race. Based on all polling, there is no way she can win. She'll either be yet another lobbyist or maybe embarrass her family by running for President, in order to save face. This warmongering fool wants to stay in the Middle East and Afghanistan for another 10 years, but doesn't consider the big picture—Russia and China!

Congress should use the armed services/intel committees to ask the hard questions about the results of Biden's dangerous appeasement of Iran & weakness on China & Russia.

We need members of congress who know what these failed policies mean & how the pentagon & IC spin the truth

I joined 39 of my House colleagues in urging the @TransportDems & @TransportGOP to include funds to complete the Southern Border Wall on our porous southern border in any infrastructure bill. If outlawing Right to Work laws is infrastructure then so is the Wall! #BuildTheWall

2165 Rayburn House Office Building
Washington, DC 20515

The Honorable Sam Graves
Ranking Member
House Transportation and Infrastructure Committee
2163 Longworth House Office Building
Washington, DC 20515

Dear Chairman DeFazio and Ranking Member Graves

As the Committee considers legislation to invest in the nation's transportation and infrastructure, we urge you to include language to prioritize the completion and completion construction of the southern border wall and complementary border security infrastructure.

As you know, in December 2020, Congress appropriated $1.375 billion for border wall construction. Despite this Congressional direction, the Biden Administration not only abruptly and recklessly halted border wall construction, but also unilaterally stopped other successfully discouraging illegal entry and effectively managing asylum claims at the southern ongoing construction of the border has left behind multiple gaps in the nearly completed southern border infrastructure, which are repeatedly exploited by smugglers and migrants to illegally access the United States. As a result, the Biden Administration, although less than 3 weeks old, has caused a record number of migrants to cross the southern border.

By any measure, a continuous 30-mile section in Yuma, Arizona, is operationally border control. Proof is found in San Diego. Above a multiple layer security system, including existing and accompanying technology and tactical infrastructure, maintains necessary division between the urban communities of San Diego and Tijuana. Large legal entry points allow for approved goods and people to cross, which is essential to bilateral commerce and economic opportunity.

According to the Department of Homeland Security (DHS), one twelve-mile wall section in the San Diego sector reduced CBP Customs and Border Protection) manpower requirements by 70 agents, over 24 hours. Those agents can be redeployed to other border security efforts. The Yuma, Arizona community also benefits from border wall. Similarly, DHS notes illegal entries dropped 87 percent in Fiscal Year 2020 following new barrier system deployment. Likewise, in the El Paso Sector, DHS recorded drug and smuggling activities dropped by 68% and 81% in areas with new construction.

Pres. @JoeBiden is wrong. Labor unions did not build the middle class. Freedom and capitalism built the middle calls. The middle class then built the unions, and the unions in turn helped destroy the middle class by making American manufactures uncompetitive in global markets.

This is an excellent article.

For decades we have told our youth that manufacturing / industrial jobs are dying - off shoring & regulations killed those jobs.

So college is the key to the middle class, even if you have to go into debt for it, it will be worth it.

If your smart, you get a STEM or tech degree. This system has become a trap as well. major tech companies undercut these American jobs by importing H1B & L1B visa workers, who will work longer hrs & for less than Americans.

1

Joe Kent for WA-3 @oekent16jan19 · 35s

Cutting out manufacturing & mid-high skilled tech jobs is gutting our work force, shipping our ability to innovate & produce goods overseas

This is making us a nation that makes very little but consumes much & runs on debt.

I'm cosponsoring HR 2890, a GREAT bill by @RepThomasMassie that repeals a law that currently prevents adults under 21 from buying a handgun. If an 18-year-old can vote, join the military, and take on student debt, they should be able to protect themselves.

My time in the Army was profoundly meaningful. I learned to love my country more intensely while serving alongside some of the best blood this generation could produce. But seeing the finest men I've ever met get used and cast aside like a dirty dishrag was equally instructive.

That reality needs to be confronted with seriousness, missionary zeal, and urgency, I told @VoiceUyghur today:

Tremendous interview with an even better guy.

It was great to talk with a politician who really understands the issues facing Americans in an authentic way.

We need Joe, and lot more people like him, in Congress ASAP!

BREAKING: WaPo has retracted their reporting on OAN and the FBI

The Washington Post
Democracy Dies in Darkness

May 1, 2021 at 10:07 a.m. EDT

Correction: *An earlier version of this story, published Thursday, incorrectly reported that One America News was warned by the FBI that it was the target of a Russian influence operation. That version also said the FBI had provided a similar warning to Rudolph W. Giuliani, which he has since disputed. This version has been corrected to remove assertions that OAN and Giuliani received the warnings.*

Our Politicians sold the lie that shipping manufacturing overseas & killing off our industries(oil,gas,coal,timber, etc.) would be good b/c we could buy more cheap goods.

The idea that debt doesn't matter centers on other nations believing in America's prosperity enough to buy our debt bonds & keep the dollar as the world's prime reserve currency.

If China stops buying our debt & challenges our prime reserve status they can cripple our economy

Kash sheds light on how most in our gov serve our nation honorably regardless of the administration, but the political agenda of few senior lvl bureaucrats created a culture of partisanship that evolved into the tools of the state being turned on Trump & his team.

The culture of partisan political revenge via the DOJ & media leaks is something all Americans should be deeply concerned about

We need people in Congress who are willing to challenge the power that unelected bureaucrats feel entitled to

This is an important conversation.

Masculinity knows no race. It is found across cultures and time. It is universal in application and in its success in building society.

Masculinity, a truly diverse force for good, will inevitably defeat wokism, a monolithic force for evil.

Most of our media is eroding our country.

To Carlson, it's all just sounds and images on a box, to be spoken, then forgotten. Say one thing today, the opposite tomorrow. Urge a war on national television, then disavow it afterward as if it had nothing to do with you. It's cynical, but above all it's cowardly. 7/x

Biden's decision to give away American vaccine IP to China and the world sets a dangerous precedent and could hurt future vaccine development.

It also may *reduce* the number of safe COVID vaccines available.

This is important legislation by @RepBoebert. Our economy has been decimated by the fed gov seizing / regulating land.

This destroys our ability to earn a living from the land, here in WA-03 our timber industry has been decimated by the EPA.

Our economy is in the state that s for 2 main reasons EPA/fed regulations that kill off natural resources jobs (timber/energy etc) & shipping our manufacturing overseas in an effort to g ve us more access to cheap goods.

April's sharp shortfall in job creation, and loss of 18,000 manufacturing jobs, shouldn't be a surprise. When an economy consists largely of non-productive people spending printed money, there's little work that needs to be done. The jobs are abroad. Our purchasing power is next.

The jobs report shows how vulnerable our economy is.

At the heart of this crisis is our inability to produce goods & resources due to manufacturing being shipped overseas.

The weak gig economy was crippled by covid & gov hand outs designed to introduce gov control.

The real story is how the RU bounties narrative was driven by unelected bureaucrats, the media & Dems as reason why we must stay in AFG.

Control language, control society. The trans agenda has nothing to w/ tolerance, it's designed to attack gender roles, the family unit, how we think & speak.

Don't be shamed or fooled into thinking this is anything but a radical display of government power.

Let's take Biden's premises on face value, the jobs being offered are primarily gig econ jobs, not careers that you can build a life & family off of.

Establishment politicians killed off our manufacturing careers w/ gov regs & allowing US corporations to ship jobs overseas.

Legal immigration then provided employers w/ cheap labor, so few tech jobs resulted, chip design & production moves overseas too

We are not producing anything as a nation & we are just printing money
Restoring real production is critical to saving our working class & nation

This is a direct result of allowing our critical infrastructure to be produced overseas & Biden killing off our energy independence.

We must restore American production to secure our infrastructure & secure our economy. This is at the heart of America 1st.

Congress must conduct a full investigation & public hearings to expose how Fauci used US tax payer dollars to fund the Wu Han virology lab & how the media ran cover for the CCP & Fauci.

Unelected bureaucrats & the media's blind hate for Trump helped the CCP's war against us.

This is stunningly dishonest. Fauci defines "gain of function" in a way that the type of research the NIH did fund doesn't qualify. Thus he repeats over and over that GOF was not funded. BUT then admits in this very clip to funding the Wuhan Lab!

It's absolutely bizarre how much media/liberal resistance there is to the possibility of a COVID lab leak. Both the US & China do offensive and defensive research on viruses and biological weapons. It's important for prevention to know if this was zoonotic or an inadvertent leak.

> **Josh Rogin** @joshrogin
> This Rand Paul/Fauci exchange shows two things. 1) Fauci is still resisting any legitimate examination of NIH and NIAID relationships with the Wuhan labs. 2) This issue getting politicized even more, which is a tragedy. so both parties must come together to press for answers. END

I know @oekent16jan19 would have something to say. We need more Washington gop members like him. We also live in one of the worst lib tard states in the country. The intire state is controlled by 3 or 4 counties. King being the worst.

Liz Cheney's ouster was lamented by Pelosi AND Schumer.

Liz Cheney is NOT a Republican...Liz Cheney is a CORRUPT CRONY.

The policies of Joe Biden will crumble our economy. The RINO's that are enabling him plan to inject millions into our district to prop up Congresswoman Jaime Herrera-Beutler. Jaime and Cheney have the backing of Bill Kristol. Help me defeat Lincoln Project stooges. #SaveAmerica

Biden's so-called 'national security' team has no respect for the sovereignty of Israel. They claim to respect Israel's right to exist but they really don't. It was President Trump that recognized Jerusalem as the capital of Israel. Not Obama and Biden.

I'm honored to join the Washtech case along with @RepMoBrooks, @RepCawthorn, @RepGosar, & @replouiegohmert #SaveAmerica #AmericaFirst #GOP #Conservative

DATE: May 13, 2021
FOR IMMEDIATE RELEASE

Contact: Byron Sanford
Cell: 360.798.4908
byron@joekentforcongress.com

Joe Kent joins the Washington Alliance for Technology Workers (Washtech) case, with Congressman Paul Gosar, Congressman Mo Brooks, Congressman Madison Cawthorn, and Congressman Louie Gohmert

Joe Kent made the following statement:

I'm honored to join the Washington Alliance of Technology Workers case with four patriotic congressmen. The purpose of this case is to end the Post-completion Optional Practical Training loophole that allowed immigrants on student visas to be employed by companies here in the United States after these students have completed their studies. Big business has exploited this program to employ untold numbers of foreigners and take jobs away from American citizens.

With the cost of living rising exponentially, it is immoral for our federal government to permit multinational corporations to employ young foreign workers. Meanwhile, our own young people are struggling to find high paying employment. For too long, the federal government and big businesses have colluded to drive wages down by bringing in foreign labor.

We must put our workers first. We can only do this by ensuring we have **American jobs for American workers**.

Candidate Joe is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or via cell at 360.798.4908.

Workers have been shit on in this country for a very long time by both political parties. We've spent everyone's tax money on a war machine. We've let corporations pillage. And we've prioritized identity politics about immigration over cold hard facts and data about wage growth.

There is no new data that led to the new mask guidance.

Just gas lines, out of control debt, Iran trying to start a war w/ Israel, election audits & the origins of covid finally being exposed.

Earlier this week Joe Biden announced that flags would be flown at Half Staff tomorrow to honor the men & women in blue who died in the line of duty. Today he "Friday news dumped" that he'd changed his mind: in his opinion, they aren't worthy of lowering the flags. Unacceptable!

Does the term "designated" encompass the requirement of a testing authority being "accredited," or not?

Yep. Why is the corporate media suddenly going full throttle against Gates after worshipping him during COVID Mania? I don't have a good answer for this. There is definitely a concerted effort to crush him. Not sure where it's coming from.

The Bull Moose Project is proud to announce our first endorsement: @joekent16jan19 for Washington's 3rd Congressional district.

BULL MOOSE PROJECT

FOR IMMEDIATE RELEASE

The Bull Moose Project is proud to endorse Joe Kent for Congress in Washington's Third Congressional District. Kent understands the issues Americans face in the day to day life and he shows that he truly wants to create a more perfect union.

WHY JOE KENT?

Joe Kent served admirably for 11 combat deployments in the U.S. Army. He fought alongside men and women who would do whatever it took to keep this great country safe. Sadly his wife was killed fighting ISIS in 2019. He agrees that it's time to bring our soldiers home and end forever wars.

Furthermore, Joe is an economic nationalist. He understands that our economy currently works for the corporations, not the people, and that needs to change. Immigration plays a huge role in fixing the economy and Joe wants to curb low skilled legal immigration that harms American workers. In addition, Joe understands that we must finally combat China to preserve American hegemony throughout the world.

Our schools are sacred institutions that our kids should be able to attend without negative influences. Joe supports cutting grant money to any school that teaches Critical Race Theory. In addition, he opposes teachers unions that harm students more than help them.

Finally, Joe supports election integrity. There are a lot of serious questions regarding the 2020 election and many people have lost trust in our system because of the possible wrongdoing. Our election process is sacred and must be secure and trusted.

Bull Moose Project Endorses Joe Kent

Battle Ground, WA Today, the Bull Moose Project endorsed Joe Kent for Congress in Washington's Third Congressional District

The Bull Moose Project made the following statement

The Bull Moose Project is proud to endorse Joe Kent for Congress in Washington's Third Congressional District. Joe is an economic nationalist. He understands that our economy currently works for the corporations not the people, and that must change. Immigration plays a huge role in fixing the economy and Joe wants to cut low-skilled legal immigration that harms American workers. In addition, Joe understands we must finally combat the Communist Party of China to preserve American hegemony throughout the world.

Candidate Joe made the following statement

I am honored to have the endorsement from a patriotic organization of young conservatives. The Bull Moose Project consists of everyday Americans. They believe in making our nation great by protecting and revitalizing our manufacturing industry, defending the sanctity of life, and fighting for the survival of our Judeo-Christian heritage. The Bull Moose Senior Advisor is Gavin Wax, who is renowned in the young conservative movement. As the 73rd president of the New York Young Republican Club, Gavin has made the NYYRC the largest active Republican youth chapter nationwide. With young patriots from the Bull Moose Project behind this campaign, it is clear the momentum is on our side. We will save America from the far-left, the corporations, and the RINO's within.

The Bull Moose Project and Candidate Joe are both available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or via cell at 360-210.6943

let's go ahead with the commission & look at the origins of J6, publicly examine the evidence of voter fraud from each contested state the security plan. full timeline. question each officer at the capitol & examine each death.

All of this must be done in a public hearing

Schiff & his ilk will use this commission to further the narrative that brands all Trump supporters as terrorists to justify enhanced surveillance & law enforcement against innocent Americans.

Joe Kent Announces Opposition to Vaccinating Children Without Parental Consent

In response to concerns that school districts in Washington and elsewhere may vaccinate minor children without parental consent Joe Kent made the following statement

> Parental authority is sacred and must not be pushed aside to inject experimental COVID vaccines into a child behind a parent s back. The decision of whether to vaccinate a minor must lie entirely with the child's parents
>
> We have witnessed the government bypassing parental consent for medical procedures on minors, including for abortions, right here in Washington State in King County
>
> I'm a parent of two young children myself, and I stand with parents of the Third Congressional District, the state of Washington, and all across the country demanding no minor child s given an experimental drug without his or her parent's explicit consent

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or via cell at 360.210.6943

Jaime Herrera Beutler BETRAYED this district yet again. She and 34 other RINO's just voted for the January 6th Commission along with all the Democrats. I'm pleased that zero members of the Freedom Caucus voted for this fake news commission.

Our support at the Clark County Republican Women's dinner was massive. A sold out event! They had to add extra tables. #AmericaFirst #SaveAmerica

During one of the darkest moments of my life I had my first meeting with President Trump. The POTUS got our foreign policy right. I stood with President Trump when the Deep State undermined and prevented him for taking our brave men and women out of Syria. #AmericaFirst 🇺🇸

Antifa & BLM have adopted the Palestinian cause to justify attacks against Jewish Americans & run cover for the Biden administration's failures in the Middle East, capitulation to Iran & their proxies is now being sold as social justice.

The Gaza Strip is controlled by Hamas, a terrorist organization that calls for death of all Jews. Anyone that says Israel is a terrorist state is out of touch with reality. Hamas and Islamic Jihad would commit mass genocide against the Jews if given the chance.

That which cannot be traded for will be fought for.

Kent is one of the very few leaders (or future leaders) who recognizes that a robust, Americanized civ-mil fusion is both economic force multiplier and powerful deterrent.

No justification exists for affirmative action in the 21st century. It is weaponized by the Left to turn ethnic groups against each others. You should receive a job, get accepted into school, or be considered for a loan based on merit. Not your ethnicity. #AmericaFirst

There is a difference between escaping a lab through accidental self contamination & being created in a lab. It's not unusual for lab techs to accidentally become infected with a pathogen they are researching. Something like that once happened on Plum Island off of eastern L.I.

The systemic economic issue the establishment refuses to address is our lack of real production.

Until we are harvesting our resources, building, manufacturing & inventing we will continue to decline.

Why fly BLM flags outside US Embassies?

BLM is using their violent narrative to paint a Biden made diplomatic crisis (Iran/Israel) as part of their social justice narrative.

CRITICAL MASS

The White Men Who Wanted to Be Victims

The United States withdrew in defeat from Vietnam in 1975—a fraught moment as well for the American political economy, coinciding with the landmark civil rights and feminist uprisings that convulsed the country as many American soldiers served overseas. Returning Vietnam vets mimicked the rhetoric and strategies of the era's homegrown protest movements while developing a powerful narrative of abandonment and trauma to convey their own sense of disaffection.

Biden is more concerned with offending the Iranians & the Iranian controlled Iraqi government than he is defending our troops.

The hallmark of the Obama/Biden era was being at war w/ no ability to win or fight back.

Another grave at Arlington I had [illegible] visit for me today was Navy CTICS Shannon Kent. A bad ass of a woman by all accounts. She is the mother of two gorgeous children. Her husband [illegible] is a retired Green Beret officer now running for Congress.

Biden's focus on white supremacy is a diversion from the damage his policies are doing on our economy.

Adding massive debt w/out production = stagflation, both disproportionately harm the working class, less jobs that support families & inflation makes all goods more expensive.

People ask, "How can I make a change?"

It is not often that a man of Joe's character decides to make a run at the cesspool of D.C.

You do NOT have to break your bank. In a campaign like this, 5 dollars, 10 dollars, makes a difference.

If you can, do.

Joe Kent Challenges Jaime Herrera Beutler to Debate

Battle Ground, WA – Today, Candidate Joe Kent challenged Jaime Herrera Beutler to a debate in Washington's Third Congressional District.

Candidate Joe made the following statement:

"Jaime Herrera Beutler appeared on Lars Larson's radio show and made numerous false statements. Beutler quoted a fake news story from Vanity Fair. Beutler alleged that Secretary of Defense Christopher Miller claimed President Trump incited a riot on January 6th.

Secretary Miller not only refuted such falsehoods, he endorsed my candidacy in April. As a loyal SecDef to President Trump, Christopher Miller executed his office with distinction. It was an honor to serve under Miller in Iraq, and it's reprehensible that Beutler would make false statements regarding a SecDef in an attempt to tarnish President Trump.

Beutler claimed she's a conservative. Beutler voted with the radical left to halt the construction of the border wall. She voted for amnesty. She voted for the sham impeachment and was the star witness in the 'trial.'

Beutler voted against our troops, opposing President Trump when he tried to take our soldiers out of Syria. The slow-rolling by the neocons of President Trump's withdrawal from Syria resulted in my wife and three other American's deaths in the line of duty on January 16th, 2019.

Given that Beutler is unaware of what a conservative is, I challenge her to a public debate. Washington's Third Congressional District needs an America First representative. Not Beutler and her American Last policies."

We have an independent streak of populism here in Washington's 3rd Congressional District. Ron Paul won a majority of our district delegates to the 2012 Republican National Convention. Bernie beat Clinton and Biden here in 2016/20. Neo-liberalism & Neo-conservatism are dead here.

It's exactly what happened with Russiagate. Two weeks before Mueller closed his investigation, ex-CIA Director/MSNBC John Brennan told them Mueller would arrest Trump's kids & aides for colluding with Russia.

When Mueller stopped with no collusion charges, it changed nothing.

Ensuring fair & free elections is essential to maintaining our sacred way of life.

Any elected official fighting against a full adjudication of irregularities is a coward incapable of defending our constitution.

Biden's idea of confronting Russia is to kill off our oil production causing RU's #1 commodity to rise & to not hold our European allies accountable for buying Russian oil, giving RU more $ for expansion.

Putin knows Biden is weak & has always gotten foreign policy wrong.

BlackRock is outbidding the average American primarily with capital it has received from other private actors (as far as "private" means anything). They don't need the Fed. They aren't outbidding you with your tax dollars. This *is* free enterprise. Consolidation is the game.

Joe Kent Announces 200 Volunteer Milestone

Battle Ground, WA. Today, Joe Kent announced that the campaign now has 200 volunteers across Washington's Third Congressional District.

Candidate Joe made the following statement. "Our support continues to grow exponentially. With 200 volunteers throughout all eight counties of the Third District, we are able to reach voters in every corner of SW Washington. I am humbled by the support shown by members of the community, and look forward to the many events we have planned throughout the course of the campaign. Our volunteer coordinator, Ozzie Gonzalez, has done a tremendous job recruiting locals.

For the past few months our volunteers have been attending gun shows, anti-lockdown protests, and local government meetings. The reception they receive from the general public is extremely encouraging. Our campaign is grassroots in its nature, and will continue to be throughout the entire campaign."

The campaign will have a celebratory rally on Friday the 18th. The party will be at Vancouver Lake Park at 6pm.

Candidate Joe is available for interviews. If interested, please email Byron Sanford or contact him via cell at 360.210.6943.

The worst thing a sane person could do right now is convince themselves that the abject fecklessness of political leaders in general and Republicans specifically is "just the way it has to be" and give up their anger. You should be angry and you should hold onto that anger.

Congress must demand to see the intelligence that supports this assessment, no more blind faith in our institutions.

This narrative will be used to target those who don't comply with the left's agenda & provides our enemies a green light to maneuver while the IC is distracted.

BREAKING: Congressman Matt Gaetz calls on FBI Director Christopher Wray to fully disclose the role and involvement of FBI operatives during the January 6th Capitol riot.

More details coming.

June 15, 202.

The Honorable Christopher Wray
Federal Bureau of Investigation
935 Pennsylvania Avenue NW
Washington, DC 20535
VIA EMAIL oca@fbi.gov; eglandis@fbi.gov

Director Wray:

As the events of January 6, 2021, come to clearer relief many questions remain unanswered. On June 8, 2021 the Senate Homeland Security Committee and the Senate Rules Committee jointly produced a 95-page report finding problems ranging from "federal intelligence agencies failing to warn of a potential for violence, to a lack of planning and preparation by U.S. Capitol Police and law enforcement leadership."

I am seeking your answers to clarify the following questions:

1. In the year leading up to the events on 1/6 and during 1/6 itself, to what extent were the three primary militia groups (the Oath Keepers, the Proud Boys, and the Three Percenters) infiltrated by agencies of the federal government (including the FBI), or informants of said agencies?

2. Exactly how many federal undercover agents or confidential informants were present at the Capitol or in the Capitol during the "siege" and what roles did they play (merely passive informants or active instigators)?

3. Of all the unindicted co-conspirators referenced in the charging documents of those indicted for crimes on 1/6, how many worked as a confidential informant or as an undercover operative for the federal government (FBI, Army Counterintelligence, etc.)?

I expect an answer from your office by August 1, 2021. Thank you.

Sincerely,

Declassify everything about January 6th, let the cards fall where they may.

If there was a planned insurrection as the left insists then they should support bringing the facts to light.

The left's desire to control the narrative indicates that they fear the truth.

It's not just the FBI & Capitol Police who want to hide the truth & control the narrative, the media is deeply invested in the narrative & not doing any due diligence on the government's version of January 6th.

The solution is easy - declassify everything.

US national news · Last night

Trump supporters organized and attended the January 6 US Capitol insurrection, according to The New York Times, Recode and NBC

Many of the hundreds of people who have been arrested for participating in the January 6 insurrection at the US Capitol building were long-time supporters of former president Donald Trump, according to fact-checkers and reporters. Some of the people who participated in the attacks were named as "unindicted co-conspirators" in Capitol riot indictments and according to legal experts, undercover agents cannot be named as unindicted co-conspirators.

@HerreraBeutler finally voted to repeal the 2002 AUMF after thwarting every effort Trump made to end the wars for the past 4 years.

She had no issue leaving our troops in harm's way until it was politically expedient for her to start caring about our troops & pointless wars.

Take note of the law makers who just voted to end the AUMF but fought Trump as he tried to end our wars & had the audacity to question his respect for our troops.

They think so little of our troops & nation that they will sacrifice both for political gain.

No mask mandates in the schools. Enough is enough. #AmericaFirst

DATE: June 17, 2021
FOR IMMEDIATE RELEASE

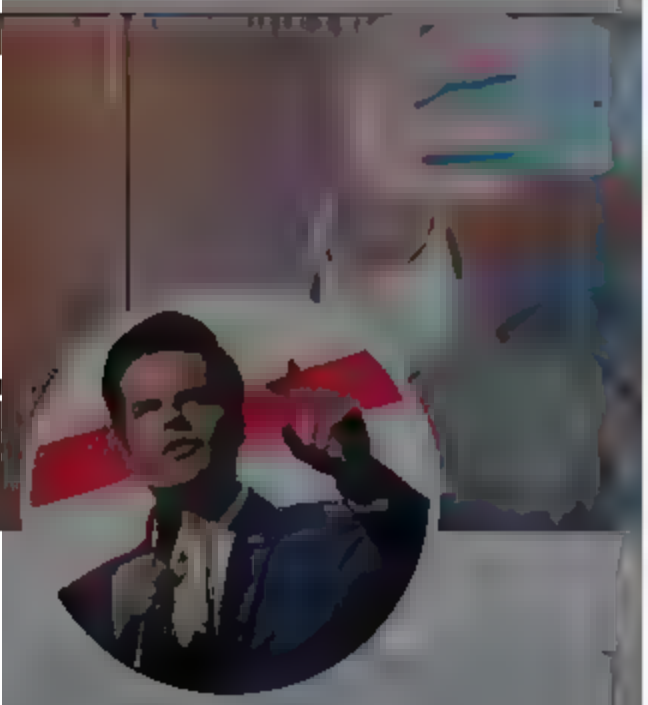
Contact: Byron Sanford
Cell: 360.210.6943
byron@joekentforcongress.com

Joe Kent Announces Opposition to Washington's K-12 Mask Mandates, Social Distancing and Testing Guidance.

In response to concerns that the Washington Department of Health is mandating face coverings, social distancing and COVID testing school district, Joe Kent made the following statement.

"For the past year, the government subjected our children to unnecessary and extreme measures with no basis in science, including mask mandates and shutting down in-person schooling.

The Department of Health requirement for children to wear masks in schools, mandating social distancing, and requiring unvaccinated children to be frequently tested for COVID-19 is an unconstitutional overreach of our state government and is not backed up by any medical research.



As a parent of two young school children, I stand with all of the parents of the Third Congressional District, Washington state, and across our country in demanding the removal of these draconian restrictions."

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

I've been informed the Marxist fist happens automatically when the Juneteenth hashtag is used.

So to be accurate, the secdef is assisting the technocrats marxist infiltration of our institutions.

The facts keep coming in. Despite the garbage that the left keeps pushing, you're not crazy for wanting an audit of the 2020 election. The math and the evidence speak clearly: an audit is necessary.

We've known, for months, that an audit was needed in GA. But weak RINO cowards kept caving to the left and the propaganda press. All patriots should be demanding an audit in Georgia!

Twitter has included a raised fist for the #Juneteenth holiday.

Marxists are responsible for enslaving more people than anyone else in the history of mankind.

Let's not get it twisted: Marxists had nothing to do with abolishing slavery in the U.S., the Republican Party did.

This is where culture is downstream of politics.

A tiny fraction of the country wants to make Juneteenth a federal holiday. Most don't want to do it or are ambivalent to a historical event so important that our first black president never mentioned it

The America First movement can, and must, fix this dilemma.

Yes! And there's no single party that has a perfect record on either - it's about individual character. Some choose to hang on to power the cheap way - by keeping everyone fighting, and others know the only way to have/keep freedom is to be grown up enough to give it.

How can a government, that's $28 trillion in debt, spend trillions of dollars that it does not have? Well, one major way is the Federal Reserve creates money-out-of-thin-air and then 'loans' it to the government by buying the government's bonds.

Naturally, when the Fed counterfeits new dollars to do this, the value of the dollars (that Americans work so hard for) drops. Prices also rise and the standard of living of Americans falls.

Does this sound like a good deal to you?

Future generations will be ashamed that we legalized, supported & promoted the killing of innocent babies.

Abortion is a stain on our collective humanity.

Every lawmaker should be actively working to end this evil practice & highlight it's racist & eugenicist origins.

The government must open jobs to those with non-traditional educational backgrounds.

DATE: June 21, 2022
FOR IMMEDIATE RELEASE

Contact: Byron Sanford
Cell: 360.210.6943

Joe Kent: Government Must Open Jobs to Non-Traditional Educational Backgrounds

Today, Joe Kent made the following statement

"A majority of American adults do not have a traditional four-year college degree

Yet too many government jobs disqualify someone without a bachelor's degree for no apparent reason. Why is someone who spent four years studying poetry better qualified for an entry-level government job than someone who spent those four years working sixty hours a week working their way up to supervisor in a factory?

The first rungs on the ladder to positions of power in our government are shut off to most Americans. These Americans decided either by choice or family circumstances to take a route other than going to college. This contributes to the severe social and cultural disconnect between the policymakers in D.C. and the people they are responsible for serving.

When elected, I will introduce legislation that will require every government job listing to only require a college degree if it is technically necessary. For example, mathematics, engineering, geology, etc... and consider alternative workforce experience wherever applicable.

Further, I will set aside at least one-third of the jobs on my congressional staff for those who do not have a traditional educational background, and one-third for those from the district. And, I will advocate for my fellow representatives in Congress to do the same.

This is a small step but a step nonetheless towards changing the culture of our federal government and making the people that govern our country better resemble the culture and experiences of the people they serve."

Joe Kent is available for interviews. If interested, please email Byron Sanford at

VP Harris lacks the ability or willingness to address the #BidenBorderCrisis at our porous southern border. I joined @RepGrothman and 54 other GOP colleagues in calling for her to step down as Border Czar and let someone competent take the job.

Dear President Biden

We write to express our serious concerns regarding Vice President Kamala Harris appointment as your administration's leader to solve the border crisis.

In May 2021 ... Border Patrol agents ... CBP encounters ... 180,034 individuals at the southern border ... compared to just 33,139 during the same month in 2020 ... a 444 percent increase. This figure does not even include "got aways" or those who sneak in without detection, which "CBP officials estimate to be around ...1000 per day" compared to an average of just under 200 "got aways" per day in fiscal year 2020.

... Vice President was tasked with addressing "the root causes" ... in March 24, 2021 ... at a time when we were seeing roughly 5,900 encounters per day and record numbers of unaccompanied alien children. ... As of our southern border "Despite being in the midst of a border crisis this country has not seen in two decades, Vice President Harris has not yet shown adequate interest in observing the crisis first-hand. In the 85 days since the Vice President has been tasked with solving this crisis, she has yet to visit the border area, meet with Border Patrol agents, Immigration and Customs Enforcement (ICE) officials, and local law enforcement officials in our experience, it is important to meet with these officials to learn about their perspectives and observations about the origin and motivations of the thousands of people illegally here every day. It is an insult to our hard-working Border Patrol, ICE, and local law enforcement officials that put their lives on the line every day that the Vice President has yet to speak with them.

Vice President Harris and your spokespeople have made statements about the role in solving the crisis, claiming that her responsibility is to examine the "root causes" of migration. Vice

Why is this still relevant?

Look at Mitt's reaction to Ron, he is disgusted, confused & threatened.

The GOP still views America 1st as a threat.

Unlike 12' we are a threat they can't ignore so they are co-opting AF in an effort to ride our success to win elections.

Biden & the feckless establishment Rs & Ds view our troops as expendable pawns in wasteful wars abroad & now a new war at home against those who don't submit to the permanent ruling class.

This isn't about intellectual discussions, that argument & reciting of history was just a deflection from answering pointed questions about how CRT is being used to influence DOD's culture.

If only the generals were this impassioned about getting us out of useless wars.

Gen Thomas. Thank you for your service. The concern people have with CRT is that it's being taught as a fact and those being taught aren't allowed to question it without being labeled racists. This is not the same as discussing or exploring its merits or lack thereof

2

Mike Jason @mikejason73 3h

These concerns aren't based on fact. CRT is an old Harvard legal theory, and it is "not" being taught anywhere in PME. It's a smoke screen for the reality that the very large and diverse US military is becoming better at equal rights and reckoning with past policies and abuses

The term white rage is key to understanding the most important part of yesterday's hearing Milley used the term to tie the narrative of CRT to the January 6th narrative

The J6 Narrative is essential to Biden/the establishment, it helps deflect from the audits & his illegitimacy

6:22 PM · 25 Jun 2021

Joe Kent for WA-3 @oekent16jan19 · 5s

The white rage /J6 gives the DOD & Federal gov the emergency they need to make CRT a "with us or against us" movement & of course, a new war on anyone who disagrees w/ or dare question Biden

1

Joe Kent for WA-3 @oekent16jan19 · 4s

Not a conspiracy, just how narratives work. There is the d visive d straction with name ca ling, cu ture war etc, but beh nd the scenes the B den & the eft are doing everyth ng they can to conso idate power & tie the audits to J6/insurrection/domestic terror

The strikes in Syria & Iraq are a dangerous distraction from Biden's policy failures.

Iran knows Biden is weak & wants back into the Iran deal.

Iranian militias attacking US troops are funded & protected by the Iraqi gov, that we fund & support.

> forces earlier this evening conducted defensive precision airstrikes against facilities used by Iran-backed militia groups in the Iraq-Syria border region. The targets were selected because these facilities are utilized by Iran-backed militias that are engaged in unmanned aerial vehicle (UAV) attacks against U.S. personnel and facilities in Iraq. Specifically, the U.S. strikes targeted operational and weapons storage facilities at two locations in Syria and one location in Iraq, both of which lie close to the border between those countries. Several Iran-backed militia groups, including Kata'ib Hezbollah (KH) and Kata'ib Sayyid al-Shuhada (KSS),

Our troops are stuck in a war w/ no purpose or gain for this nation all due to Biden & the establishment's hubris.

Congress must demand a full withdraw from Syria & Iraq.

The establishment uses a fabricated narrative to find a thin legal justification for turning the tools of the state against its rivals.

W/ Tucker it is likely the J6 domestic terror narrative.

W/ Gen Flynn & many under Trump it was the Russian collusion narrative.

Pelosi and the Democrats are going to keep us in a National Covid "Emergency" all the way to January 2023!

Literally taking the power away from Congress and giving it to bumbling Joe Biden.

Covid is the left's political tool against you, the American people.

WE MUST DEFEAT THE RULE (H Res. 508)

THIS RULE EXTENDS THE COVID-19 EMERGENCY DECLARATION THROUGH JANUARY 2023

6. Provides that the provisions of section 202 of the National Emergencies Act shall not apply during the remainder of the One Hundred Seventeenth Congress to a joint resolution terminating the national emergency declared by the President on March 13, 2020

Section 202(b) of the National Emergencies Act requires Congress to review emergencies every six months in

(b) Not later than six months after a national emergency is declared, and not later than the end of each six-month period thereafter that such emergency continues, each House of Congress shall meet to consider a vote on a joint resolution to determine whether that emergency shall be terminated.

President Biden has extended the COVID-19 National Emergency Declaration on Feb 24, 2022

For this reason, the national emergency declared on March 13, 2020, and beginning March 1, 2020, must continue in effect beyond March 1, 2022.

Therefore, in accordance with section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), I am continuing the national emergency declared in Proclamation 9994 concerning the COVID-19 pandemic.

@HerreraBeutler is pulling a classic GOP grift, here's the playbook -

She voted w/ the Dems when Trump was POTUS to stop the construction of the border wall - now she is calling for the WA National Gaurd to deploy to the border, after voting for amnesty.

7 49 AM 2 u 2021

1

Joe Kent for WA-3 @ oekent16jan19 16s

Last year as Antifa & BLM terrorists burned Portland & brought violence nto Vancouver @HerreraBeutler did nothing, unt t was time to vote w/ the Dems to prevent Trump from deploying the military to que the violence.

1

Joe Kent for WA-3 @ oekent16jan19 16s

Recently @Herre aBeut er fina y voted to end our war Iraq, only after years of voting w/ the war monger RINOs to keep our troops in Syria, Afghan stan & Iraq for no gain, she doesn't understand war or foreign po cy, she just fo owed the RINOs.

1

Joe Kent for WA-3 @ oekent16jan19 16s

This s the feckless GOP grifter playbook in action @HerreraBeut er folds when we need her & when she could make a d fference.

Then when she needs us & not in the majority she virtue signals & asks for our support.

No more, we are taking WA 03 & our nation back!

Joe Kent calls out Jaime Herrera Beutler for Flip-flopping

Battle Ground, WA Today, Candidate Joe Kent called out Jaime Herrera Beutler for flip-flopping.

Candidate Joe made the following statement

"Jaime Herrera-Beutler has shown she is the epitome of an establishment politician. While the Republican Party was in control of the House of Representatives, Jaime sided with Nancy Pelosi and the Democrats to stifle President Trump's agenda. Now that the GOP is in the minority in Congress, Jaime acts tough and pretends to stand up for our district.

Jaime voted with the Democrats to stop the construction of the border wall. Now she is calling for the WA National Guard to deploy to the southern border after voting to give amnesty to illegal migrants.

Last year as Antifa and BLM terrorists burned Portland and brought violence to Vancouver, Jaime did nothing until it was time for her to vote with the Democrats to prevent President Trump from deploying the military to quell the violence. Recently, she voted to end our war in Iraq, only after a decade of voting with the warmonger RINO's to keep our troops in Iraq, Syria, and Afghanistan indefinitely while President Trump tried to get them out.

We are watching the feckless GOP grifter playbook in action. Herrera Beutler folds when we need her and when she could make a difference. Then when she needs us Jaime virtue signals and asks for our money and votes.

No more. We are taking back WA-03 and our nation."

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

It took the government over a week to come up with this weak "foreign nexus" to justify spying on an American.

To cover up their sorry excuse for violating an American's rights the gov throws in a "but Russia!" And the media takes it from there.

Joe Kent Surges To Within 7% of RINO Jaime Herrera-Beutler

Battle Ground, WA Today, Candidate Joe Kent announced he is within 7% of Congresswoman JHB.

Candidate Joe made the following statement:

"Trafalgar is one of the most renowned polling firms, and their reputation during the 2016 presidential election accurately showing then-candidate Trump winning both Michigan and Pennsylvania defied the rest of the pollsters. For our congressiona campaign to be within single digits of a six-term incumbent more than a year out from the primary shows how vulnerable Congresswoman HB is.

This scientific poll shows that of all the candidates running for Congress in Washington's Third Congressional District, we have the highest approval rating at 40%. Only 16% disapprove. 44% of the population has yet to hear our message and we will reach all of these voters by the primary next year. The poll shows that HB has an approval rating of just 35%. To be at a mere 35% is abysmal for any incumbent member of Congress. It also shows that HB is horribly out of touch with the constituents of Washington's Third Congressional District. We are the only viable Republican alternative to the incumbent, and we lead all other candidates by double digits. Such a commanding show of support is a testimony to our support on the ground, more than 240 vetted volunteers, and local endorsements.

Our grassroots campaign will continue to grow as we spread the America First message of restoring election integrity, bringing back our timber industry, ending our nation-building abroad, and putting American workers first."

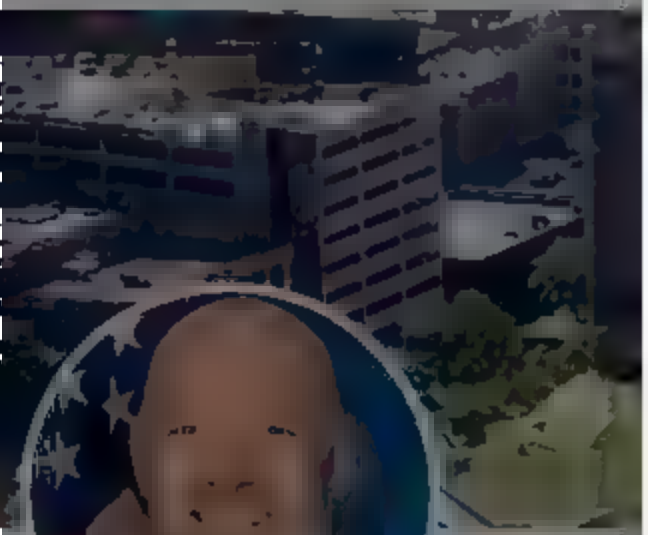
Joe Kent Surges To Within 7% of RINO Jaime Herrera-Beutler

Battle Ground, WA – Today, America First Republican for Congress Joe Kent's Campaign Manager Byron Sanford released the following statement on the recent Trafalgar poll showing Kent seven points behind Rep. Jaime Herrera-Beutler

> Trafalgar Group is one of the most reputable polling firms in the business and was awarded as "most accurate" in the 2018 cycle by Real Clear Politics. They accurately predicted President Trump winning Michigan and Pennsylvania in 2016. We believe their most recent poll showing us just 7% behind Rep. Herrera-Beutler and double digits ahead of our nearest competitor is accurate
>
> We're also impressed that our favorability ratings are much higher than Herrera-Beutler 40.3% to 35.1% – despite a large percentage of the electorate not knowing who Joe Kent is yet
>
> It's clear that this district does not want to re-elect an America Last Republican like Herrera-Beutler who voted for Trump's phony impeachment. It's equally clear that Joe Kent is our best hope of defeating Beutler and replacing her with an America First representative who will fight to restore election integrity, bring back our timber industry, end our nation building abroad, and put American workers first



The result of the poll can be found at https://thetrafalgargroup.org/WA03-22Primary-Poll-Report.pdf

The Honorable President Joseph Biden
The White House
1600 Pennsylvania Avenue
Washington DC 20500

RE: Pennsylvania Visit

Dear President Biden:

I understand that you are traveling to Philadelphia, Pennsylvania on July 13th to deliver remarks on actions to protect the sacred, constitutional right to vote.

Millions of Pennsylvanians have serious doubts about the accuracy of the 2020 General Election. A January poll from Muhlenberg University showed that 40% of Pennsylvania voters are not confident that the results of the 2020 Election accurately reflected how Pennsylvanians voted.

A full forensic investigation is necessary for the sake of transparency and accountability. Those who have concerns about the integrity of the election will have those concerns investigated and hopefully addressed. Those who think that there was rampant fraud or irregularities, and that the elections were conducted perfectly well, have the chance to be vindicated.

The people of our Commonwealth should have confidence that their vote counts. It takes accountability and transparency to ensure that our elections are free and fair.

With this in mind, I would like to formally request a meeting with you during your visit to Pennsylvania on this matter. We need to come together as a transparent forensic investigation of the 2020 election in Pennsylvania will go a long way to restore trust in our system.

Sincerely,

With this initial data alone Arizona's legislature must decertify the election of 2020.

The audit must continue to bring all the fraud to light, but the legislature & AG must act now.

Joe Kent Outraises Opponents In Second Financial Quarter

Battle Ground, WA – Today, America First Republican for Congress Joe Kent's Campaign Manager Byron Sanford released the following statement on the fundraising numbers for the second quarter.

"Joe Kent raised an astounding $365k from April thru June of this year. The amount raised by Joe is more than $200k more than the amount raised by any of Rep. Jaime Herrera-Beutler's other competitors.

Kent raised more money from individuals than all Republican candidates combined, including the incumbent congresswoman. Unlike Herrera-Beutler, Kent's contributions came from hard working Americans, while Herrera-Beutler is reliant on corporate PACs for more than half of her money raised. Kent has $512k in the bank, nearly $300k more than the nearest competitor to Herrera-Beutler.

The success of this campaign is due to the hundreds of local volunteers, over fifty public events held all over the district, conservative media attention from around the country, and donations from patriotic Americans. We look forward to another successful financial quarter in three months time."

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943

McCarthy helps raise money for some Republican Trump critics

Half of the 10 House Republicans who voted to impeach Trump -- Valadao, Beutler, Katko, and Michigan Reps Fred Upton and Peter Meijer -- have a joint fundraising committee with House GOP Leader Kevin McCarthy and his leadership PAC, which has raised roughly $100,000 for each of the five campaigns n the first half of the year. The joint fundraising committee -- known as Take Back the House 2022 -- has not raised money for the other five. Cheney, Kinzinger, Gonzalez, Washington Rep. Dan Newhouse and South Carolina Rep. Tom Rice

Remember when the Fake News Media called @TuckerCarlson & @DarrenJBeattie "conspiracy theorists" for this segment.

buzzfeednews.com/article/kenben ...
twitter.com/columbiabugle/ ...

> An examination of the case by BuzzFeed News also reveals that some of those informants, acting under the direction of the FBI, played a far larger role than has previously been reported. Working in secret, they did more than just passively observe and report on the actions of the suspects. Instead, they had a hand in nearly every aspect of the alleged plot, starting with its inception. The extent of their involvement raises questions as to whether there would have even been a conspiracy without them.

The left is undermining law & order at every level in our nation. For over a year prominent Democrats have supported the destruction of major cites at the hands of antifa /BLM.

The left forced the crisis at our border that has enabled a cartel led invasion of illegals & drugs.

If the DOJ had damming evidence against the Jan 6th political prisoners they would have charged & tried them months ago & released the hours of tapes, if it were even close to being damming they would broadcast it 24/7.

The denial of due process is both telling & infuriating.

This is the guy who defended keeping Liz Cheney on his leadership team and is currently helping to raise money for Republicans who voted to impeach President Trump.

This "investigation" is reminiscent of how the soviets would amp up their soldiers before throwing them into battle. No one looking from the outside would buy it, but the soldiers did. Kinda the same thing here

So far the committee 'investigating' 6 JAN 2021 has been, "how did you feel?" That's not investigating how it happened, that's investigating somebody's personal feelings of how they felt during the riot. Where are the people responsible for security?

Who was responsible for planning the security around the cap tol? That's who should be up there getting questioned. Not asking individual officers how they felt during the riot. That's not investigating how it happened.

If there was any footage close to this it would have been played on a loop on every network since January.

Full transparency is the enemy of the narrative, that's why we are not allowed to see all of the footage from J6.

THIS is why Democrats want never ending mask mandates & COVID lockdowns. It was NEVER about the science. It's ALWAYS been about harvesting as many mail in ballots as possible to win key races. The American people aren't buying it!

Kent Campaign Launches "Homeschoolers for Joe Kent" Coalition

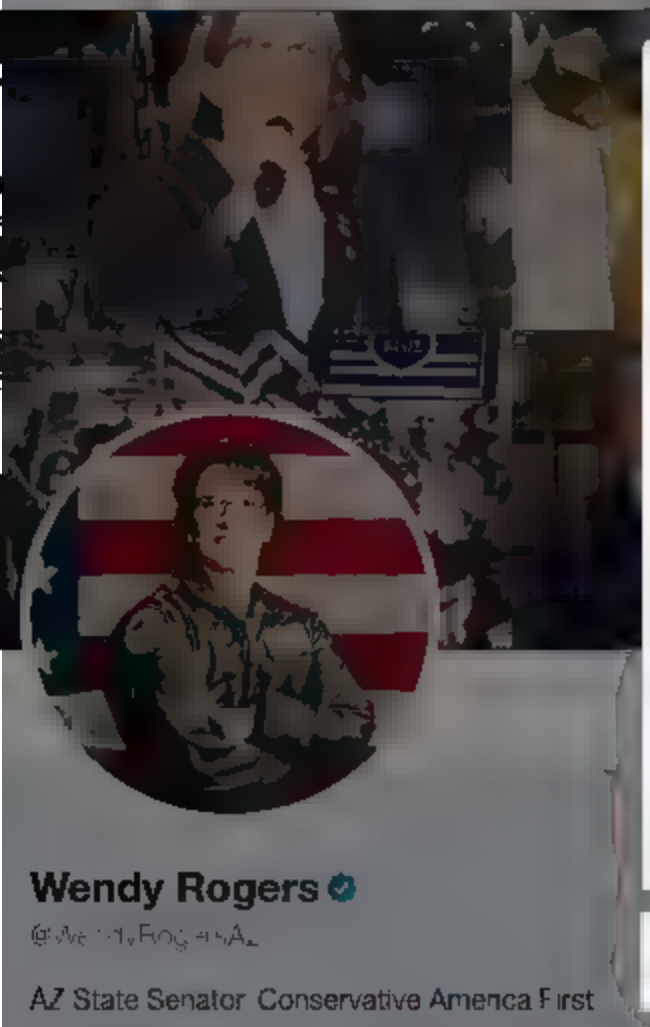
Battle Ground, WA Today, Joe Kent made the following statement

Among the most important rights we have is the right to our children how we choose And for many parents, that means homeschooling. That s why I m proud to announce our new coalition "Homeschoolers for Joe Kent "

Under the leadership of the coalition chair and homeschool mom herself Taylor Anderson, these families have helped me shape the following public policies and actions will take in support homeschooling f elected:

1 I will use my office as a bully pulpit to defend homeschoolers here in Washington from encroachment from the state or local governments
2 We ll pass into law a requirement that the Department of Defense is supportive of deployed military families who choose to homeschool
3. I will oppose any legislation or regulations on the federal level that attempt to interfere or limit the rights of homeschool families
4 My office will host a quarterly town hall in the Third District for homeschool families where their voices are heard and their questions are answered.

Taylor Anderson, Chair of Homeschoolers for Joe Kent, made the following statement



I and the families who are part of this growing coalition were impressed from the beginning with the way Joe s campaign reached out to our community listened to our concerns, and worked hard hand-in-hand with us to develop his pro-homeschool policies We re glad that we have a candidate in this race who understands our issues and is willing to listen

We look forward to mobilizing homeschool families all across the district to help elect Joe to Congress

It's our moral duty and responsibility to stand up for the American workers. BlackRock and others continue to buy up as much land as possible as our citizens become serfs. To #SaveAmerica we need #AmericaFirst populists to represent our people.

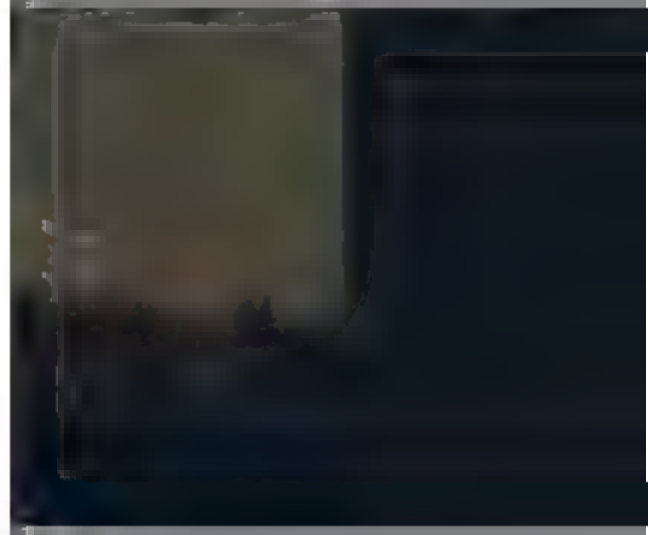
Iraq is a similar tale, except we got to build a government twice, after our "partners" handed over their US gear to ISIS, now Iran benefits from our waste & hubris.



No more nation building or listening to the establishment.

Ballot chain-of-custody in WA state is a JOKE. 💪

On top of this, a batch of ballots was already picked up in this location at 10am...no observers were informed, so there is no way of knowing if they secured the bins properly or not.

Antifa must be targeted as a terrorist organization by the DOJ.

Elected officials like @HerreraBeutler prevented Trump from combating antifa as they marched into our district last year.

These are the left's proxies & establishment Republicans are too weak to fight them.

Remember, this has nothing to do w/COVID, its all about control & "othering".

Purging dissidents from the military is a move is used by authoritarians to gain full control of a society.

This is the start of our own De-Ba'athification.

We must hold the CCP accountable, but that starts with holding our own permanent ruling class in government, Wall Street & big tech accountable.

The CCP is our enemy, they act against us, that's a given.

Our elite are far more seditious & dangerous.

Since day 1 of this administration the goal has been to determine the political affiliation of service members, now the goal is purge those who dissent.

The vaccine mandate is simple & politically expedient way to wrap a purge of dissenters under guise of safety.

Incumbent politicians are not ENTITLED to their seats.

If they betray the people they are paid to represent, the people will hold them accountable.

You will see MANY incumbents held accountable for their betrayal in the midterm elections.

It is right to mock statements like this, but remember how we got here & why our foreign policy is a joke.

Our military power squandered building failed nations.

Our economic power & production gutted to serve corporate interests.
